I have found the short stories to be varied in topics and quite charming. Loved the twist with 'Beguiling the Poppy' hopefully this tactic actually works as I could never get poppies to live and be healthy! 'The Chicken Chronicles' is every child's dream of raising God's creatures and the smile it puts on one's aurora. After eating my lunch at work, I have about 20 minutes to fit in some reading, the format is

wonderful for this. I truly enjoyed every part, section and line smartly written for my enjoyment and fondness of gardening and dirt!
