PavlovnaBerrylicious! Who doesn't love berries! They are so delicious and can be used in so many different ways! I was surprised to find out that many of the fruits that we call berries, botanically are not and that a papaya is!!!Berries are also very nutritious and pack super anti-oxidant properties. With backyard farming gaining popularity planting a few berry bushes would keep you in fresh berries throughout the summer. In *Grow Berries at Home*, author Steve Ryan talks about different berries, what type of soil and climate is best for them, and how to plant them. Nice little primer on berries for all backyard "farmers". 1 of 1 people found the following review helpful. Recommend for growing berries! By magfan I love berries but have never known how to grow them on my own. The book to be educational and instructional. Includes info on pests and diseases, which I had heard can be a real problem, especially where I live. This is a well written, simple, practical, easy to read guide to growing berries.
