From Ball Publishing : Growertalks on Crop Culture 2 (No. 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Growertalks on Crop Culture 2 (No. 2):

Written by floriculture industry experts, this guide to growing major crops is a collection of more than 50 articles taken from the pages of GrowerTalks magazine's 'Culture Notes' department. It also dicusses azaleas, geraniums, lilies,

mums, poinsettias, snapdragons, among others.
