\*\*\*\* #1 Best Seller in Organic Gardening and Gardening Horticulture Fruit \*\*\*\* Just to say Thank You for checking out this Book I want to give you a copy of my upcoming special report "The Organic Gardener's Calendar: Monthly To-Dos for Beginner Gardeners". Go to [OrganicPlantingGuides.com](http://OrganicPlantingGuides.com) to reserve your FREE copy now. There is nothing quite like that first fresh, juicy bite of garden-grown tomato, bursting with flavor and packed full of healthy antioxidants. The only thing that makes that first bite better is when the tomato you taste is still sun-warmed coming straight from your own garden. Growing great tomatoes isn't rocket science and it doesn't take the skills of a Master Gardener to make it happen. With a little work and a little water, you can take the information in this guide and use it to turn that small piece of land or those three ceramic pots into a bounty of delicious tomatoes. "Growing Organic Tomatoes" provides a solid foundation that will help you get started on your own tomato patch; even if you are a first-time gardener. You will learn how to: \* Select the best cultivars for your climate and your pantry \* Grow plants from seeds \* Use companions for pest control \* Tend your tomato plants \* Troubleshoot common problems \* Preserve your harvest This guide provides everything you need to take your tomatoes from seed to sauce. Beginning with a breakdown of the different kinds of tomatoes and ending with delicious ways to use the fruits of your labor, everything you need to know to produce a bountiful harvest of plump, juicy, organic tomatoes is between these pages. It's time to get your hands in the dirt and make something happen.
