## Other Concerns, and Things You Should Know: A Basic Companion for the Casual Handgun Owner and Concealed Handgun:

My purpose and hope in writing this book about Handguns, Concealed Carry, and Legal Concerns is to impart to you knowledge to save you money. An even more important goal is to save you potential heartache; and most critical, to encourage you to protect your life and that of your loved ones. "Why and how," you ask? First, The Need: The FBI reported, "In 2010 there was a burglary every 15 seconds." One in five women in a recent survey stated they had been a victim of sexual assault. When resisting a criminal assault, an armed woman has a 400% better chance of escaping unharmed than an unarmed woman. Question: What's your plan? Just trust in Blind Luck? The Why: To purchase an inappropriate handgun or two can cost hundreds of dollars. To run afoul of the law- that expense begins in the thousands of dollars. To be unarmed and unprepared to confront a violent attacker-that cost is incalculable. Remember: "Lightning and violence have one thing in common-they both strike somewhere." The How: There is no other single source, one volume book covering handguns, ammunition, holsters, maintenance, safes, safety, legal concerns, and miscreant misbehavior. This book is an effort to fill that void. If you are not certain that you need to know more, open the book to page IX and take a quick assessment of your knowledge. Thank you for giving me a look, and don't forget: "You make your choice and you take your chances."
