Todd Davis : Handy Dad: 25 Awesome Projects for Dads and Kids before purchasing it in order to gage whether or not it would be worth my time, and all praised Handy Dad: 25 Awesome Projects for Dads and Kids:

2 of 2 people found the following review helpful. ideas good, directions not so goodBy JRWThis was a birthday gift for daddy in the middle of the winter. Daddy wasn't so excited at first, but they have already built the doll house. Our daughter is lining up the projects for them. The book itself, is not written very well. My husband said if gives you the basics, but you can not follow it step by step. The doll house the instructions are in 1,2,3 and the parts are in A,B,C they don't match. If you have natural skills, the book is good to give you ideas, if you need to provide someone detailed accurate instructions this is not the book.6 of 6 people found the following review helpful. Adorable book of projects for a DadBy MommaMavenThis was a Christmas present for my hubby who is a contractor. I searched through a few different books before landing on this one. I'd say it's geared a bit more towards a construction saavy Dad, the projects can be a bit complex (like building a half pipe) and if you don't have tools around it'd be a better to find a more craft type Dad book. I loved the range of projects in this book and my hubby loves it.0 of 0 people found the following review helpful. Worth every cent!!By ElizabethThis book is full of fun ideas with fantastically simple to follow instructions. The book itself is constructed out of doable paper with an extra tough cover. Awesome father's day

gift!

Skate ramps, zip lines, go-carts, and more! In this super-fun book, Todd Davis extreme sports athlete and host of HGTV's *Over Your Head* presents 25 awesome projects for dads to build with their kids. Busy dads can choose projects that range from simple to challenging and take anywhere from five minutes to a full weekend. Readers are given all the directions they need to grab materials that can be found around the house or at the local hardware store and get to work banging up a sweet BMX ramp or half-pipe, building a tree house or tire swing, or throwing together a slip-and-slide or tie-dye station for an afternoon of fun. With plenty of color photographs, easy-to-follow instructions, and detailed illustrations, *Handy Dad* is chock-full of creative and inexpensive ways to keep kids (and dads) entertained for hours.
