**Nicholas P. Cheremisinoff : Hazardous Chemicals in the Polymer Industry (Environmental Science Pollution)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hazardous Chemicals

in the Polymer Industry (Environmental Science Pollution):

Provides accurate, up-to-date information on the hazardous properties of several hundred generic and specific polymeric additives used in elastomer and plastics processing operations, detailing the symptoms of overexposure as well as responsible packaging, shipping and emergency-response procedures. Essential safety data is offered.
