Ann Marie Flynn, Louis Theodore : Health, Safety, and Accident Management in the Chemical Process Industries, Second Edition,: A Complete Compressed Domain Approach (Chemical Industries) before

purchasing it in order to gauge whether or not it would be worth my time, and all praised *Health, Safety, and Accident Management in the Chemical Process Industries, Second Edition, : A Complete Compressed Domain Approach (Chemical Industries)*:

"Analyzes health and hazard risk assessment in commercial, industrial, and refining industries. Emphasizes legal requirements, emergency planning and response, safety equipment, process implementation, and occupational and environmental protection exposure guidelines. Presents applications and calculations for risk analysis of real systems, as well as numerous end-of-chapter examples and references."
