Jan Johnsen : Heaven is a Garden: Designing Serene Spaces for Inspiration and Reflection before purchasing it in order to gage whether or not it would be worth my time, and all praised Heaven is a Garden: Designing Serene Spaces for Inspiration and Reflection:

10 of 10 people found the following review helpful. Sophisticated, yet concise. By Virginia Berger Love it! Jan writes with not only a lifetime of experience under her belt, but with her heart! Passion, Serenity, Simplicity and Spirituality are just some key notes that I got out of reading, 'Heaven is a garden.' The photos are professional (people of all ages will be in awe) and the quality of writing is top notch, with a dash of witty goodness. May I add, that the quality of craftsmanship for the book is brilliant. In all, the book represents Johnsen's Successful career as a Garden Master/Landscape Designer, perfectly. 12 of 12 people found the following review helpful. Heaven is Jan Johnsen's "Heaven is a Garden" book. By Edi Giguere This is a hard book to put down! It takes flight the moment it begins. Many garden publications concentrate on the technical, but this book makes you "feel" the green space that surrounds us. It's unlike anything else I've encountered in the genre. Own it! You will not regret it. 4 of 4 people found the following review helpful. Fabulous Book By Customer The author of this book recently taught a class at NY Botanical Garden. She is amazing, creative, spiritual and knows her stuff. I take every class she teaches. Her book is as amazing as she.

Right after class I ordered it online. She has a new book coming out which I am pre-ordering after I write this comment

Why do some gardens make us feel so wonderful, relaxed and refreshed? Using ideas based on ancient and modern practices, this book shows how you can uplift yourself and others in a serene setting designed for unplugging and relaxing. Whether you are intending to create a lovely garden or just thinking about a future outdoor haven, *Heaven is a Garden* will help you see your backyard in a whole new light and reawaken an awareness of the wonders of Nature. Simplicity, Sanctuary and Delight is the guideline that noted landscape designer Jan Johnsen recommends in this elegantly written book. She draws on her 40 years in the profession and offers stunning visuals and specific ways to make a garden look glorious and feel harmonious at the same time. She reveals how to highlight a power spot, explores the lure of the sheltered corner, explains why a gate facing East is considered auspicious and suggests which trees you can use to impart a special atmosphere. Gardeners will also enjoy the chapters on the mysteries of color, a rocks resonance and the magic of water. All in all, this gem of a book is a thoroughly enjoyable guide that you will refer to over and over. Jan Johnsen writes the popular *Serenity in the Garden* blog and Facebook page. Her firms website is www.johnsenlandscapes.com www.serenityinthegarden.blogspot.com

"It's a book that every designer will want as a reference ... and a great gift for any client or anyone you know who loves landscapes and gardens." - Jane Berger, *Garden Design Online*"The book is a delight -- smart and well written, not too long, and full of practical 'I-didn't-know-that' tips for home gardeners. It's beautifully illustrated, too, with her own photos of landscapes she has designed and installed.... If you've got a gardener on your gift list, keep this book in mind." - Bill Cary, *Westchester Journal News*"Just about everyone who visits a garden falls under its spell. In *Heaven is a Garden*, Jan Johnsen shows us how we can create a garden that transports and transforms us - where cares fall away, blood pressure lowers, and peace washes over our souls." - Ken Druse, best-selling author, award-winning photographer and garden communicator
