By Carol Lynn Beautiful pictures, and the quality of the paper is this really nice thick parchment type stuff that is great for writing notes or birthday dates on. My only complaint is that it doesn't mark moon cycles or the solstices, I really like knowing when the first days of spring and summer are. 0 of 0 people found the following review helpful. Beautiful color pictures By Paula J Beautiful color pictures, on matte finish pages. Plenty of room to write in the grid for each day. Would have given 5 stars if the moon phases had been listed on this calendar.

Celebrate life on the farm and the bounty of the earth and the seasons through exquisite full-color photographs and beautifully written text from Matthew Benson award-winning photographer, author of *Growing Beautiful Food*, and proprietor of historic Stonegate Farm in New York's Hudson Valley. Bunches of vibrantly colored beets just pulled from the ground. Harbingers of spring: garlic scapes and fiddlehead ferns. And plump melons ready for harvest you can almost smell their sweetness. For gardeners and for anyone passionate about eating local and eating well, *Heirloom Harvest* is a feast for the eyes and the imagination.
