Great Gardening BookBy JeannieI love this book, it is clearly written and has given me many good ideas to landscape my large backyard.0 of 0 people found the following review helpful. HelpfulBy learningforlifeThis is a good starter guide for landscaping. It is helpful that it only shows plants that thrive in the southeast. I do wish it had a little more variety listed.4 of 4 people found the following review helpful. Another wonderful resourceBy Bill in CTThe book covers most of the landscaping issues with easy to understand planting guides. A very good book for planning all or a part of your yard.

Home Landscaping: Southeast Region shows how to beautify 23 common landscape situations, such as front and back entries, walkways, borders, slopes, and patios. Design variations incorporate more than 200 of the best plants for the southeastern states. Readers also learn all they need to know to install the paths, fences, walls, arbors, and trellises that make up the designs. Step-by-step instructions show how to tackle each project. Plant descriptions also explain planting and care.

"A tremendous seller for us has been Home Landscaping: Southeast Region from Creative Homeowner,' says Julian Howard, bookseller at Joseph-Beth in Lexington, KY."-Robert Dahlin, Publisher's Weekly March 6, 2000
