**Rose Kirby : Homemade Repellents Organic Insect Repellents and Natural After Bite Remedies: (Non-Toxic Repellents, Essential oils) (Natural Repellents, Ecosmart Organic Insect Repellent)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Homemade Repellents Organic Insect Repellents

and Natural After Bite Remedies: (Non-Toxic Repellents, Essential oils) (Natural Repellents, Ecosmart Organic Insect Repellent):

0 of 1 people found the following review helpful. Good infoBy Sara JoThere's some really good info in here but I was hoping for more recipes instead of remedies, although it does explain what herbs work best.0 of 2 people found the following review helpful. One StarBy CustomerIt's not going to sell, when it's supposed to be free. If it isn't free, quit lying!!!!

Getting Your FREE Bonus Download this book, read it to the end and see "BONUS: Your FREE Gift" chapter after the conclusion. Homemade Repellents: Organic Insect Repellents and Natural After Bite Remedies(FREE Bonus Included) Mosquitoes suck! It is their job. Unfortunately, most of us are mosquito magnets. So, you have to have this itchy, bumpy and swollen skin throughout the summer season. There are a number of chemical based mosquito repellents available in the markets. They work real fast but they have harmful effects on our environment. Therefore, you must use natural remedies and homemade repellents to drive these undesired summer friends away from you. This book is complete guide on making such organic products. This books offers;Essential ingredients for homemade repellents Natural insect repellents for people Homemade insect repellents for pets Natural remedies to treat insect bites Natural hacks to keep insects away from home Mosquitoes and other insects are attracted to you for a number of reasons such as your body scent, and heat, light and humidity of the environment surrounding you. There are a number of ways in which you can use many natural ingredients to make environment friendly organic repellents. Such as extracting their oils and making their solutions with base oils. Similarly you can also pluck some fresh leaves of certain herbs and ornamental plants and rub them on your skin after crushing them or you can boil them in water and spray in your house to act as repellents. These and many such homemade remedies and repellents are described in this book. Lets read together!
