Homes Interiors offers content appropriate for both an interior design course and a consumer-based housing course. This edition places even greater emphasis on the interior design process. Units 1 2 address housing from a consumer point-of-view. Units 3 4 focus on the actual structure and style of homes. Units 5 6 familiarize students with the interior design process. Special topics that are highlighted include Consumer Considerations, Commercial Applications, The Impact of Technology, and Careers in Housing and Interiors. Homes Interiors introduces students to the myriad of career pathways in housing and interior design.
