Christine Pittel : House Beautiful Small Spaces before purchasing it in order to gage whether or not it would be worth my time, and all praised House Beautiful Small Spaces:

By using color, light, and pattern in ingenious ways, even the smallest space can appear larger. Here are some big ideas--all wonderfully shown in photographs--for using every nook and cranny efficiently and effectively. Make the most of tiny apartments, merge rooms, widen doorways, and turn cramped quarters into cozy nooks. Play tricks on the eye with mirrors, take some hints on cutting down the clutter, and lots more!
